

CiviKos, with the support of DEMOS have created the **Social Audit group in Janjevo**.

Project	Construction of the Water Reservoir and Rehabilitation of the Water Supply Network in Janjevo
The total price of the works in the contract	EUR 32,930.94
Status of the contract	Completed

The **Social Audit Group in Janjevo has 16 members**, representatives of the Roma and Croat communities living in Janjevo.

KEY FINDINGS

The investment came as a request of the citizens of Janjevo from the budget hearings organized by the Municipality of Lipjan in 2018.

The implemented project does not solve the problem of water supply for the citizens of Janjevo.

In Janjevo there is obvious lack of drinking water, especially in the Roma neighborhood.

The Municipality of Lipjan did not organize a specific consultation with the citizens of Janjevo during the planning process of the project.

The water supply grid in Janjevo is outdated, there are uncontrolled leaks in uninhabited houses.

The residents of Janjevo have a lack of information about the necessary investments to address the drinking water supply problem in Janjevo.

RECOMMENDATIONS

The municipality of Lipjan should include the residents of Janjevo in decision-making regarding investments in the water supply grid.

The Regional Water Company of Prishtina and the Municipality of Lipjan have to work together to find a solution to supply Janjevo with drinking water, as well as maintenance of the water supply grid in Janjevo.
