

AVANTI

Advancing Knowledge
for Agricultural Impact

- ▶ Aims to strengthen national governments' ability to report against the SDGs through monitoring, evaluation and learning in support of a Results Based Management approach
- ▶ The initiative's objective is to contribute to better government decision making for rural policies and strategies
- ▶ A central feature of AVANTI is the facilitation of self-assessments of Monitoring, Evaluation and Reporting capacities in the Agricultural/Rural sector: AG-Scans

AVANTI

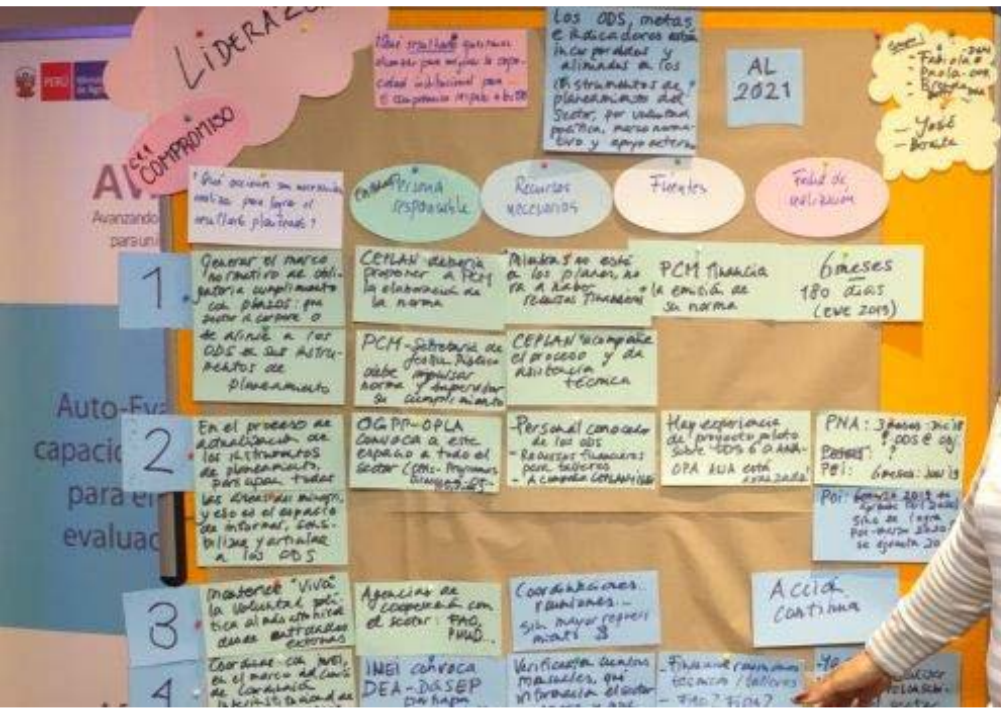

Advancing Knowledge
for Agricultural Impact

AG-Scan

1. What are we doing well?
2. Which Area Need Improvement?
 - Distill into 3-4 Themes
 - Prioritise 2-3 Themes within our scope

2 DATA DISAGGREGATION

BOS has a framework for data collection or data disaggregation

Data Disaggregation Data collected by Bureau of Statistics. All Disaggregation is an essential indicator and has statistical significance over

The ministry is not using the BOS framework hence why the ministry is in process of transferring the responsibility and some staff of BOS

4

OF THE DATA

RELIABILITY ISSUES

INCOMPLETE DATA ONLY HAVE DATA FROM HOUSEHOLD POLE AND AM OTHER 2/10/2023

4 SURVEY C

SURVEYS ARE CARRIED OUT PERIODICALLY (NATIONAL)

ENUMERATOR ARE TRAINED FOR 3-2 MONTHS
